Greg

David has approved your proposal for cleaning/transportation cost of #601 & #617 in exchange for the boxes. Please reflect the cost difference on your final invoice and be advised that I still am required to submit cleaning documentation to the TCEQ for the closure of the boxes. My suggestion is that IKON clean the boxes on site and provide notice to the TCEQ that you are cleaning the boxes on site which would allow them to observe. Give me a call (936.856.7314) when you receive this email.

**Michael "Mickey" Edmondson**

Give them to Greg.

Any problems with the rain yesterday?

> What are your thoughts concerning my email response to Greg. Both of these boxes are leaking and will have to be repaired before anyone puts them back in service and are targeted by both the TCEQ and EPA. #601 is a very old damaged leaking box and will only bring approximately \$750 to \$1,000 at the most in the auction. #617 is late model box that is leaking at most of the welded seams and will only bring approximately \$1,500 to \$2,000 at the auction. In short, we are upside down in these boxes and it would benefit the estate to release the boxes to IKON in exchange for them cleaning them. Regardless of which way it goes, we still are required to provide a cleaning certification to the TCEQ/EPA for closure. Let me know which way to address this issue because I need to clear it with the regulatory agencies.

>  
> Please look at your attached cost proposal, you are charging the estate \$3,400.00 to pick up the boxes delivery and cleaning then returning them back to CES. If you want the boxes, I suggest that you deduct the \$3,400.00 from your invoice and offer the trustee to take the boxes for the cleaning. I am sure that Dave will not accept paying for the cleaning and transportation then give you the boxes. There has be an offset to the invoice some place.

> Will do, but can I ask what you are expecting to get for the boxes? They are in pretty bad shape and need a lot of work before they can be on the road with waste in them. I thought you were going to scrap the boxes and we were going to pay for the hauling and cleaning and keep the boxes ourselves.

> Hauling to cleaning facility \$350.00  
> Cleaning \$650.00  
> Hauling to Ritchie Bros \$350.00  
>  
> You are looking at a minimum of \$1,350 just to get them to Ritchie Bros and I don't think you will get much more than that for them. We are willing to cover the costs above in exchange for the boxes. We hope you would consider this in light of the roll-offs that we purchased and were stolen from the site.

> Next time you have someone on the site please record the serial #, make and any other information you can find for the boxes (#601 & #617) and forward it to David Askanase and

myself. Once the boxes are cleaned they need to be delivered to Ritchie Bro and cleaning documentation must accompany the boxes at delivery.
